

Because you CARE

Care Advancements Recommended by Employees

Have you ever thought “_____ would make this better/easier for patients and their families”?

Fill in the blank with your ideas or suggestions you’ve heard from patients and visitors. The Family CARE Grant was created to turn those ideas into reality.

Up to \$20,000 (10 grants of up to \$2,000 each) will be awarded to fund initiatives recommended by the Health Sciences Centre family.

The Family CARE Grant is **every** employee’s opportunity to advance patient care.

Thunder Bay Regional
Health Sciences
Foundation

Applications for Family CARE Grants are due by October 1, 2009 and must be approved by the Clinical Lead/Program Director. For more information or application forms, please visit the intranet or contact Katherine Frape at 684-7276.
