

Northern Cardiac Fund

Thunder Bay Regional
Health Sciences Foundation

**Bringing Cardiac
Care Closer To Home**

Northwestern Ontario has the highest rate of heart disease in Canada. In fact, almost one out of every two deaths in the region is directly related to heart disease.

We want to change that – and with your help we will. Your donation to the Northern Cardiac Fund helps battle heart disease through improved cardiac services in Northwestern Ontario, from research, education and awareness to diagnosis, treatment and rehabilitation.

Best of all, 100% of your gift stays right here where it is needed most.

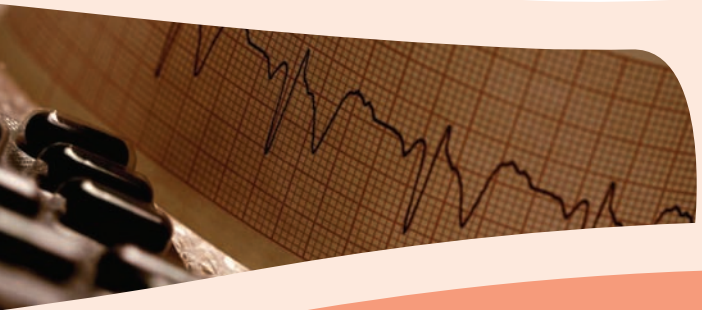

The Northern Cardiac Fund

The Northern Cardiac Fund raises funds that are 100% dedicated to support excellence in cardiac care in Northwestern Ontario.

Your donation funds the programs, services, and specialized equipment required to treat cardiac patients in our community. This means less travel and less stress on patients and better outcomes for the residents of Northwestern Ontario.

We are proud to say 100% of your donation stays in Northwestern Ontario.

We are already seeing a difference!

Thanks to past donations, hundreds of Northwestern Ontario residents a year are able to access life-saving cardiac services like Angioplasty without leaving the region. These services treat heart disease and help save lives.

But we need to do better.

Many people still have to travel outside of Northwestern Ontario for essential cardiac services. Your donation to the Northern Cardiac Fund helps us build the complete cardiac care program that we deserve. Your gift will also help reduce heart disease through proactive prevention and lifestyle programs.

Now is the time to give. Together, we are bringing Cardiac Care closer to home.

"My life was saved thanks to the local availability of cardiac diagnostic equipment."

Ray Evans
Angiogram Patient
Thunder Bay, Ontario

"We don't know how fortunate we are to have quick, immediate access to Angioplasty services until we need it."

John Fevez
Angioplasty Patient
Jellicoe, Ontario

I want to help improve Cardiac Care in Northwestern Ontario.
