In 2004, the General Hospital of Port Arthur School of Nursing Alumnae (1909-1970) had a goal in mind— they wanted to raise $5,000 over five years to create an endowment for cardiac care at the Thunder Bay Regional Health Sciences Centre. Much to their surprise, they raised more than $10,000, which is owned by Lorne and Joan Saxburg and which is located at the Silver Islet General Store, brought in over $9,000 for the endowment off the ground.”

Hawaii! Our alumnae were Canada, the United States, even to “Those letters went all across the school’s alumnae,” said King. “We had letters from different fundraising projects, all of fundraising committee members and surprise, they

Since the 1990s, the Thunder Bay Regional Health Sciences Foundation has been committed to improving the health of people in Northwestern Ontario. Together, we make a healthier community and we encourage others to do the same.

As Nurses, we’re very proud that we, as health care providers, are in a position to influence people and we need to find common ground and, ultimately solutions that enable us to provide the best patient care possible.

Your healthcare team, your mentor, your friend.

Supporting patients and their families with compassion, encouragement and strength. Your donations help.

Together, we make a healthier Northwestern Ontario.

Recognition for Outstanding Support

Lizenziet Colonel Barbara C. McManns, Canadian Forces Liaison Council, (CFLC) Liaison Officer, presented Andre Robichaud, President and CEO, Thunder Bay Regional Health Sciences Centre, with an award of excellence at the Princess Arthur Hotel on Tuesday, March 19. The award recognizes Thunder Bay Regional Health Sciences Centre’s contributions, both in the medical and technical fields, to the Thunder Bay Regional Health Sciences Centre. The award recognizes Thunder Bay Regional Health Sciences Centre’s contributions, both in the medical and technical fields, to the Thunder Bay Regional Health Sciences Centre. The award recognizes Thunder Bay Regional Health Sciences Centre’s contributions, both in the medical and technical fields, to the Thunder Bay Regional Health Sciences Centre.

"We are very proud of all the healthcare professionals who serve our region and our community,” said Robichaud. “Among those nurses, doctors, and other health care providers, we have a deep sense of pride and humility in serving our community. Our mission is to provide excellent care and to support the well-being of our community. And we are committed to doing this in a way that is respectful, caring, and compassionate."
