Health Sciences
Foundation

Together we
make a healthier
Northwestern Ontario

Northwestern Ontario is an amazing place to live! Despite the vastness of our region, we still have a tremendous sense of community – especially when it comes to our own healthcare. We all deserve the best healthcare. With your help, we are making it happen together!

Your donations to the Thunder Bay Regional Health Sciences Foundation support new medical equipment, technology and treatment programs in virtually all areas of healthcare including paediatrics, renal, emergency and many others. Our goal is to ensure that the best possible healthcare will be available when you need it most.

There is nothing more important than your health. That's why your donations to the Health Sciences Foundation are so vital.

When you donate to the Health Sciences Foundation, you can choose to direct your gift to the area of highest need, to one of our specialty Funds: the Northern Cancer Fund, the Northern Cardiac Fund or the Health Sciences Discovery Fund, or to any specific area of care at Thunder Bay Regional Health Sciences Centre.

We are proud to say that 100% of your gift will be put to work right here in Northwestern Ontario.

Together we make a healthier
Northwestern Ontario.

You Can Provide Hope

A cancer diagnosis can be a terrifying experience. But thanks to your donations, today more people in Northwestern Ontario are living with cancer than dying from it.

The Northern Cancer Fund raises funds that are 100% dedicated to supporting excellence in cancer care throughout Northwestern Ontario. Your gift today helps ensure that our regional cancer program continues to offer timely, quality care with cutting-edge equipment and treatment options for your friends and family.

Together we are making hope possible!

Expanding Local Cardiac Services

A staggering 70% of people living in Northwestern Ontario have at least one major risk factor for heart disease, and currently 1 in 2 deaths are directly related to heart disease. We need your help to bring more cardiac services closer to home.

The Northern Cardiac Fund raises funds that are 100% dedicated to support excellence in cardiac care in Northwestern Ontario. Through your support we can save lives.

Together we are bringing cardiac care closer to home!

Supporting Innovation

Today's medical research impacts tomorrow's healthcare. World-class research in Northwestern Ontario has an additional benefit – communities that encourage medical research tend to be healthier themselves.

Research projects need the support of the community. Your donations to the Health Sciences Discovery Fund are 100% dedicated to support excellence in medical research in Northwestern Ontario.

Together we are creating the future of healthcare!

I want to help improve healthcare in Northwestern Ontario!
